## "COFFEE DOESN'T BOTHER ME NOW"

J. H. Curtis of Georgetown Says He Feels Fine.

### STORY WILL INTEREST MANY

"I can drink coffee now without having heartburn," said J. H. Curtis, maker of the famous "Curtis Salve." Mr. Curtis lives at 205 Washington street, Georgetown, and is well known personally all over Kentucky. For thirteen years he taught school and for the past four years has been in the post office at Georgetown.

"I had trouble with my stomach for several years, and I never had anything help me so quickly as Tanlac," says Mr. Curtis. "After meals I had a burning sensation in my stomach, and sometimes a sour taste in my mouth. I bloated a good deal from gas, and had a suffocated feeling."

"Once in a while I had a dizzy spell. I had tried different things, but nothing did me much good until I tried Tanlac."

"Some of my friends have asked me about Tanlac. I have told them I think it is a fine medicine. I shall not fail to recommend it for it has given me great relief. I can rest well nights and seldom have that tired feeling in the morning. I can eat or drink most anything now."

Tanlac is sold exclusively in Stanford at The Penny Drug Store, E. R. Coleman, Proprietor.

Tanlac can now be obtained in following nearby cities: Moreland, Abraham-Minks; Hustonville, Adams Bros.; McKinney, True & Co.; Ellisburg, Joe McWilliams; Middleburg, W. C. Bryant; Crab Orchard, Lyne Bros.; Brodhead, John Robins; Lancaster, R. E. McRoberts; Bee Lick, J. Reynolds & Son; Waynesburg, W. A. Horton.

### MORE PAY FOR MINERS

The Coleman Mining Company, of Cary, Bell county, operating the Fox Ridge mine, gave their miners an increase in wages of 30 per cent., May 14. This is the third advance the company has made for mining coal since January 1, 1917, which makes a total increase over last year's scale of 100 per cent. The present rate is the highest paid by any mining company in Kentucky. C. R. Coleman, of this city, vice-president and general manager of the Coleman Mining Company, said that it is absolutely necessary to advance the rate of mining for the reason it was impossible for the miners to earn under the old scale sufficient money to support their families at the high cost of food. Labor in the mining sections is getting very scarce, and at present there is not enough labor to produce the usual output.

### "LET'S GO, BROTHERS"

A voice from an audience of 250 ministers, saying "let's all go, brothers," caused the abrupt adjournment of the annual convention of the Christian Ministerial convention of Indiana at Kokomo, so the ministers could tender their services to the State during the war. The entire membership of the association at the convention went in a body to Indianapolis and offered their services to Governor in any way they can be used in the program for mobilization of the influence of the church for the country during the war. A resolution was being considered to send a small delegation to represent the association when the unknown speaker extended the invitation to "all go," the suggestion carried with a shout. Much unfinished business was before the convention.

### CARD OF THANKS

Mrs. W. S. Grinstead and family wish to extend to those in Stanford and Lincoln county, who in any way helped to cheer the long hours of suffering for the husband and father, their deepest gratitude and at his death to the friends and neighbors for the many thoughtful deeds and words of sympathy, their heartfelt thanks. May God's richest blessings rest and abide with all.

### T. W. JONES BUYS HOME

Mr. T. W. Jones, the well-known cattle trader and farmer, has bought of Mr. Shelton M. Sautley his home on West Main street and will get possession in a few weeks. The home is a very desirable one and the price paid is said to have been a long one. Mr. Sautley will move his family to Richmond with him.

Littlejohn's street fair was advertised for Lancaster, but the opposition got busy and had it declared off. A wise move.

### TO THE CITIZENS OF LINCOLN COUNTY:

Since announcing as a candidate for the Democratic nomination for County Attorney I have been asked by a number of good citizens of the county if I would favor holding Courts of Inquiry over the county to ascertain violators of the law. I take this method of answering all citizens interested in this effective agency of enforcing the law. The law gives the County Judge and Magistrates of the county the right to hold Courts of Inquiry, when any of them are satisfied that a public offense or offenses have been committed, and for the purpose of ascertaining the offending parties they have the power to summon any person to appear before them at any place in county, to be examined on oath concerning any violation of law. The Police Judge of Stanford and myself as City Attorney have resorted to this power and used same frequently and effectively in ascertaining offenders of the law in the city. And if I am elected County Attorney of Lincoln county I will endeavor to have the County Judge and Magistrates to use this power to ascertain offenders of the law throughout the County, upon information that an offense or offenses have been or are being committed in any section of the county, to the end that the guilty party may be arrested and prosecuted for violating the law. In announcing my candidacy I stated that I would if elected devote special attention to the enforcement of the local option laws. I now desire to say further on this subject that I have all my life been a temperance man. I am by nature, training and practice sincerely aligned with the temperance cause, and have always firmly believed that the temperance cause represents the first and best interest of our citizenship. At least 75 or 80 of all the crimes committed in this county are traceable directly or indirectly to intemperance.

I have always voted, ever since I have been a voter for temperance men and temperance measures. I voted and worked for H. V. McChesney in the last primary campaign for Governor. I believe that the "Hot Joints" in this county, where near beer and malt mead are sold should be closed by law, and if I am elected to the office I seek I promise you that I will use all the power of the law to close such places, and will institute prosecutions against them as "Nuisances," and also for selling a liquid mixture that will intoxicate if drunk in sufficient quantities. I have already with hearty co-operation of the City Judge succeeded in closing the hot joints in the city of Stanford, and we did this by instituting a prosecution against them for selling a liquid mixture that would intoxicate if drunk in sufficient quantities.

Again I assure you that if elected I will enforce all of your criminal and penal laws, and discharge every duty incident to this office without fear or favor. Now I am willing to stand or fall by the principles herein declared, and course outlined. If you would like to see an administration along the line I am committed to, I invite your support. On the other hand if you are opposed to such an administration of the County Attorney's office as promised herein, I do not expect your support.

All I ask is a serious consideration of my candidacy, and a conscientious ballot. Assuring you that I will be grateful for your assistance in this campaign.

I am very truly,  
T. J. HILL, JR.

The pastor will preach at the Methodist church Sunday morning at 10:45. Sunday School at 9:30. No evening service on account of commencement service at Baptist church.

Rev. Carter, of Mt. Sterling, is conducting an interesting meeting at the Methodist church at Brodhead, assisting the pastor, Rev. Portorff. A splendid singer has charge of the music, which is a pleasing part of the services. There have been no additions to date but the membership is being greatly awakened.

The election of Dr. Wilbur Chapman, of Jamaica, N. Y., as moderator of the Presbyterian General Assembly in the United States of America at Dallas, Tex., was declared to be a step toward a union of the two branches of the church. Dr. John H. Miller Wills, of Wilmington, N. C., was elected moderator by the Southern Presbyterian Assembly, meeting at Birmingham.

Sunday, July 15, 1917, will be Christian Education Day. The four college presidents of Central Kentucky, namely: Dr. Gansfield of Centre; Dr. Adams, of Georgetown; Dr. Crossfield, of Transylvania and Dr. Clark, of Kentucky Wesleyan, are expected to visit Stanford on the above date and make addresses in the churches. A forward movement in the cause of Christian Education is the object of this meeting.

Notable progress was made during the past year by the Southern Baptist Convention in its work of carrying the Gospel into foreign lands in spite of war conditions. In two of them, Italy and Mexico. The report of the Foreign Mission Board, presented to the convention at New Orleans, shows there were 6,473 baptisms, an increase of two. Baptist churches in the South which have been aided in the church extension department of the Home Mission Board to erect their own houses of worship contributed \$135,887 last year to church work outside their local expenses, including \$47,406 to home and foreign missions.

It seems that prospects for the new Methodist church are brightening. On Tuesday afternoon Messrs. John A. Allen, E. T. Pence, Sr., Alfred Pence, W. O. Walker, W. M. Matheny, Col. S. T. Harris, Rev. W. D. Welburn and Edwin Welburn motored to Nicholasville and there met in consultation the architect, Mr. E. Stamler, of Lexington. They were shown the new church at Nicholasville and afterwards taken to Wilmore and looked over the great church there, both these buildings having been planned by Mr. Stamler. They came to conclusions as to what they will do at Stanford and Mr. Stamler was ordered to prepare plans and specifications which he promises to do in a short time. These bids will be asked for and it is hoped work will begin without much delay. The trip was made in the cars of W. M. Matheny and W. O. Walker. The subscribers to the building fund are hereby notified that payments on their subscriptions as large as practicable, are now due.

The barn belonging to Mr. J. C. Hays, who lives between Crab Orchard proper and the depot section of the town, burned about midnight Wednesday, together with its contents, consisting of a buggy, mowing machine, a lot of hay, quite a number of chickens and other things. As the barn was located not far from Mr. Hays' home and store, some trouble was encountered in preventing their destruction by the flames. The origin of the fire is a mystery. Mr. Hays carried a small policy on the barn.

Mr. Hays was lucky on having his barn insured. He can now build another one with the insurance money. If your barn is uninsured let Jesse D. Wearen write you a policy.

The proposal provides for the introduction of a bill for immediate home rule, excluding the six counties of Northeast Ulster, such exclusion to be subject to reconsideration five years hence by Parliament. An alternative proposal is that Irishmen of all parties convene for the discussion of the question.

### THE CHAUTAUQUA MAY 27-31

The Interior Journal is glad to announce that tickets for the Lincoln Chautauqua to be held at Stanford May 27 to 31, are going rapidly and it looks as if the Woman's Club, which is bringing the splendid attraction here, will come out all right financially. There will be no doubt about it if all those who have agreed to take season tickets do so. On the eighth page of this paper the program of the Chautauqua is given and a perusal of it will show that it is an excellent one. Some speakers and entertainers of national fame are on it and they will both interest and edify. Get a season ticket to the feast of good things and attend every session. \$2 pays the bill to the dozen or more entertainments. You couldn't spend a \$2 bill to better advantage.

### DRAMATIC CLUB PLEASES

The presentation of the three-act comedy, "Pygmalion and Galatea," by the Stanford Dramatic Club at the opera house Wednesday evening was an excellent piece of work, and those who took part have cause to feel proud. They also have reason to be thankful that they have such an instructor as Miss Esther Burch, who has so well prepared them in their work, that they might appear almost anywhere and have no fear of the audience. Misses Elizabeth Farra, Marie Ballard, Gertrude Gaines, Elizabeth Huns, Bessie Moore, Gertrude Wilkerson, Kattie Jones, Anna K. Matheny, Mrs. Lillian Warner and Mr. Joseph Ballou each played so well the role assigned them that the audience was more than pleased—it was surprised, and most agreeably so. Considerable histrionic ability was shown and the ease with which the players went through their parts showed not only careful training, but an ability on their part to cleverly carry out whatever is asked of them. Miss Burch need have no fears about her class not making good. It could take care of a play even heavier than "Pygmalion and Galatea," which many an amateur would tremble at the thought of. The presentation of "Pygmalion and Galatea" was a clever evening's work and great credit is due those who took part as well as the instructor. Just before the play was given the following ladies gave a classic Greek dance: Mrs. J. H. Wright, Mrs. R. P. Brown, Mrs. J. B. Perkins, Misses Lyle Cooper, Mary D., Margaret and Ruth Beck. Their work was exceedingly clever. Miss Nancy Yeager, at the piano, did her work well, as she always does. The "Blue Ellen" orchestra furnished sweet music for the evening.

### HOPKINS TAKEN TO LANCASTER

John L. Hopkins, who shot Jesse Brock in the jaw Monday morning and who was arrested here that night by Sheriff J. G. Weatherford, Deputy W. S. Drye and others, was taken to Lancaster for his examining trial, the shooting having occurred in Gardard county. It is reported that Hopkins gave bond for his appearance later on Brock, who had a portion of his lower jaw torn off, is still at Dr. W. J. Edmiston's sanitarium at Crab Orchard and is said to be doing splendidly. News comes that Brock has done time in the penitentiary for killing his father-in-law. However, that was before he moved to Lincoln county from the mountains. There are several reports current concerning the shooting of Brock by Hopkins, one of which is that he was waylaid by the latter, but it is probable that the truth will be told about the attempted murder at the trial.

### COUNTY'S BIG AUTO TRUCK

Lincoln county's big, new auto truck has arrived and County Engineer Riffe already has it doing good work. He drove it over from Cincinnati, leaving there at 9 o'clock Tuesday night and arriving here at 1 P. M. Wednesday. He made the trip without trouble and was traveling all of the time save three or four hours spent in Lexington. The truck is an Armlender and has a capacity of three and a half tons. It is so arranged that the body can be cleared of its contents in a few seconds by merely pulling a lever; is a splendid looking machine and should and doubtless will do good service. Engineer Riffe thinks it will and is more than pleased with what already has been done with it.

### \$200 AND EIGHTY DAYS

Two hundred dollars fine and eighty days in jail. That was what a jury in Dr. R. L. Davison's city court handed Sam Helm, a Stanford negro, Thursday. A pretty stiff fine, but not too heavy. Sam Helm was tried in two cases and got the limit in each. One was selling whisky and the other for procuring whisky for another. Lancaster parties were the witnesses against Helm, whose mail may be sent in care of Jailer DeBorde for the next nine months or more. Good work; let it continue.

### LATEST WAR NEWS

The physical participation of the United States in the war is a reality. American torpedo boat destroyers, well groomed for the task and their officers and men enthusiastic in their quest, are patrolling the Eastern Atlantic searching for German submarines which have wrought such disaster to shipping and been the cause in their nefarious practice of sinking boats unwarmed, of sending hundreds of Americans to their deaths. Although the announcement of the participation of the American boats has just been made for the first time, with it comes the report that already one of the speedy boats has been in action with an enemy undersea craft, while another has safely conveyed through the war zone to a port of safety one of the great liners that ply the Atlantic. The result of the fight between the destroyer and the submarine has not been made known by the British Admiralty.

After days of heavy fighting the British have captured Bullecourt and now menace the Diocourt-Quenat line. Gains also have been made at Rouex. Attacks by the Crown Prince's army near Soissons have been repulsed and the Italians continue their offensive.

Reports from Russia indicate the virtual settlement of the differences that have existed between the Government and the Council of Workmen's and Soldiers' Delegates.

Reconstruction of the Russian Cabinet has been inaugurated, important changes being made, including the retirement of Paul N. Milukoff, Foreign Minister. Three cardinal points agreed upon by the Government, the Executive Committee of the Duma and the Council of Soldiers' and Workmen's Delegates, are: The unity of allied fronts, fullest confidence of the revolutionary democracy in the reconstructed Cabinet, and a plenitude of powers for the Government.

War Office reports yesterday indicate that the Allies have been successful on four fronts, in France, Italy, Macedonia and Mesopotamia.

Great Britain lost only eighteen vessels over 1,600 tons from submarine attacks during the past week and only twenty-six in all. The previous week's report showed sixty-two.

The English and American navies fighting together are invincible. Sir Edward Carson said in an address at the Navy League luncheon given to the American naval officers yesterday in London.

### NO JURY CASES THIS COURT

Owing to the disturbed condition consequent upon the war and the fact that the farmers are greatly behind in their work, and that it would work a hardship upon jurors and witnesses to be compelled to attend a three weeks term of court, and at the request of the members of the bar, Judge C. A. Hardin has announced that all jurors, grand and petit, are excused from attending the May term of the Lincoln circuit court, beginning Monday, May 28th. No court will be held for the jury cases. Judge Hardin will convene court on that day, however, and then determine when he will hold court for the trial of such cases.

### OUR CONGRESSMAN PATRIOTIC

Representative Harvey Helm today voted with forty-one other members of the House to turn over 65 per cent. of his salary to the Secretary of the Treasury so long as the United States is at war with the Imperial German Government. He and Representative Lincoln Dixon, of the Madison-North Vernon, Ind., district, were the only members from the Ohio Valley that supported the congressional economy amendment offered by Representative Paige, of Massachusetts. There were 147 votes against the measure.—Courier-Journal.

### GLORY SWUNG TO BREEZES

The Lincoln county fiscal court has bought a handsome U. S. flag and had it swung in the entrance of the court-house. It is 12x24 feet and a handsome one. No ceremonies attended the raising of the flag here this morning but there likely will be some time next week, as there should be. A number of our patriotic citizens are arranging for a flag raising that will attract many to Stanford, when it is hoped that the exercises will be so interesting that they will be remembered for years.

### HUNG HIMSELF

New, which we were unable to confirm, came this morning that a boy named McAninch, aged 16, hung himself at Phil Casey county, Thursday afternoon. The report goes that he had brooded over the war situation until his mind became unbalanced.

John M. McRoberts, of Lancaster, who graduated at the Louisville College of Pharmacy Wednesday, was salutatorian of his big class.
